ADJUSTABLE PV FIELD MODULARITY ON SITE WITHOUT ADDITIONAL PARTS !

SOME EXEMPLES WITH AN INSTALLATION OF 12 PV MODULES IN 2 AREAS

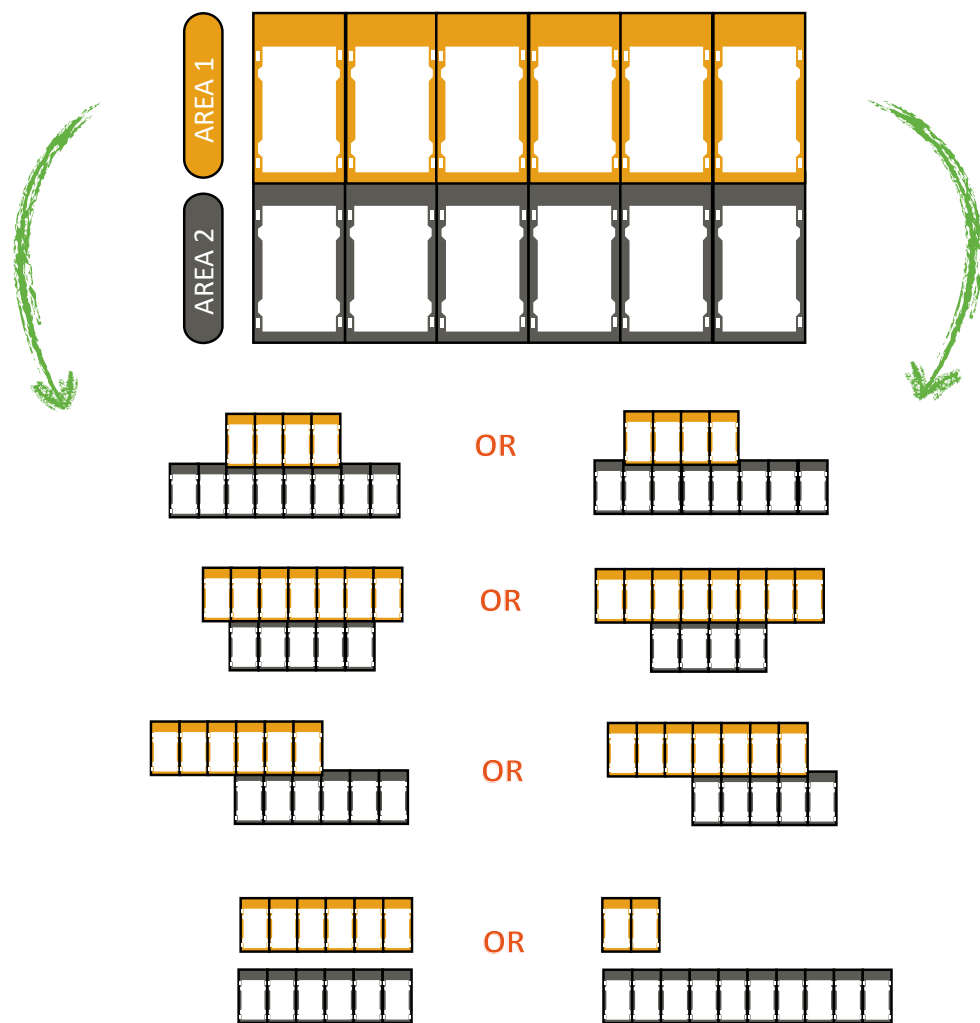

fig.1

fig.2

A lay-out with 3 areas or more (pic.1) or 1 area (pic.2) requires additional or different parts (side flashings, brackets ...)

One more area requires more end brackets/flanges and side flashings.

One less area requires more double brackets/flanges and side flashings.
